

SOLUTIONS FOR CULTURAL EXCHANGE PARTICIPANTS.

Our comprehensive solution is designed for the cultural exchange participant.

Our Virtual Care Program for Cultural Exchange Participants is a combination of various services to meet your participant's needs.

MENTAL HEALTH

Participants choose a therapist, date and time to meet and talk to a quality therapist as many times as they need to get better.

TELEMEDICINE

24/7 access to doctors who can diagnose and prescribe medication, successfully resolving over 90% of all calls received.

DERMATOLOGY

Members can upload images and speak with a doctor in hours who can treat acute and on-going skin conditions.

STUDENT ASSISTANCE

Our confidential, short-term assistance provides the right tools to help your participants through some of life's toughest challenges.

SEXUAL HEALTH

Test for common STIs with a local lab. Confidential results are typically provided in 3 days or less.

Our Group Plans can be customized by adding healthcare services such as Video Library, Teledentistry and Nutrition.

Our Virtual Care Program for Cultural Exchange Participants is available for individuals from 18 years with a J/F/M or H2B visa in the USA. The product is not connected to any health insurance policy and not subject to exclusions, limitations and no claims to file!
